story of the great migration that made the american people pennsylvania
university of pennsylvania press, american epic is a documentary film series
about the first recordings of roots music in the united states during the
1920s and their cultural social and technological impact on north america and
the world directed and co written by bernard macmahon the story is told
through twelve ethnically and musically diverse musicians who auditioned for
and participated in these pioneering recording, immigration is the movement
of people from one country to another where they are not native since the
beginning of history men and women have been crossing political borders to
better their economic condition reunite with their families and escape the
dangers they faced in their country of origin, handlin s book the uprooted
provides a historical account of the 35 000 000 people who emigrated to
america during the 19th and early 20th century and the experiences they has
once they reached those shores the second edition is enlarged by a
supplemental chapter in which the author examines the meaning of the
immigrant experience in light of more recent decades and by a brilliant,
